

STOP Covid-19 and ensure health for all!

99 All are healthy without Covid-19. 	98 I am strong! No Coronavirus can attack me...	97 Good behaviour! It is a collective responsibility for the good of the society	96 I resort to home remedies for fever, cough, diarrhea and body pain	95 Yes! Prevention of infection is key to STOP Covid-19	94 I frequent programmes, marriages, fairs and markets. Nothing happens to me.
81 I wander recklessly! Who cares?	82 Correct! That is the right move. If you have symptoms of Covid-19 Call 104	83 I respect the doctors, police and safai karmacharis for their efforts to prevent Covid-19 havoc	84 Not! It is not a heroic deed!	85 I am tensed watching TV News on mounting deaths due to Covid-19	86 Good! This is another precaution to prevent infection
80 Lock down! Hoard food, masks, sanitisers, soap and everything I am first!	79 I call 104 if I suspect I have signs of Coronavirus infection	78 I am aware that there is no medicine yet for Covid-19	77 Child marriages, child labour, child abuse, devadasi, dedication: What can I do? I simply ignore them!	76 Kudos! Physical distance is good for preventing infection	75 Cook vegetables, meat, eggs and fish well before you eat
61 Following lock down is good to you and to your near & dear ones	62 Hoarding is like snatching away from the needy!	63 I maintain physical distance when I go out and DON'T crowd	64 Great! You are preventing infection	65 If you have Covid-19 symptoms, call 104 now. Don't go for self-medication	66 I won't disclose to anyone about my contact with Covid-19 patients...
60 It's our duty to follow lock down principles	59 Hooray! You are protected and you protect others against infection	58 I wear a MASK when I have to go out	57 Don't lose heart and get depressed by reading & hearing rumors on Covid-19	56 No Infection Here!	55 I wash my hands with soap & water after touching objects and surfaces
41 Punishment may be imminent and danger of infection too!	42 Punishment - if you break lockdown! You may get infected too!	43 Only old people get Coronavirus infection	44 I cover my mouth & nose when I cough and sneeze	45 If you hide your infection, you are putting your loved ones and others at the risk of Covid-19	46 Health is wealth
40 You are a BIG support to STOP infection	39 Report to ChildLine 1098 on any child abuse and exploitation	38 I don't spit in public places & on the roads	37 Touching eyes, nose & mouth after touching objects!	36 If you don't wash your hands frequently, chances of infection are very high!	35 Coronavirus attacks people of all age groups
21 I cover my mouth & nose when I cough and sneeze	22 Report to ChildLine 1098 on any child abuse and exploitation	23 I wear a MASK when I have to go out	24 Don't lose heart and get depressed by reading & hearing rumors on Covid-19	25 No Infection Here!	26 I wash my hands with soap & water after touching objects and surfaces
20 I cover my mouth & nose when I cough and sneeze	19 Only old people get Coronavirus infection	18 I don't spit in public places & on the roads	17 Touching eyes, nose & mouth after touching objects!	16 If you don't wash your hands frequently, chances of infection are very high!	15 Coronavirus attacks people of all age groups
1 Health is wealth	2 Coronavirus attacks people of all age groups	3 I don't spit in public places & on the roads	4 Touching eyes, nose & mouth after touching objects!	5 If you don't wash your hands frequently, chances of infection are very high!	6 Coronavirus attacks people of all age groups
10 I frequent programmes, marriages, fairs and markets. Nothing happens to me.	9 Good! This is another precaution to prevent infection	8 Cook vegetables, meat, eggs and fish well before you eat	7 I maintain physical distance when I go out and DON'T crowd	6 Great! You are preventing infection	5 If you have Covid-19 symptoms, call 104 now. Don't go for self-medication
