## 1. INTRODUCTION

The Government of India enacted the Juvenile Justice (Care and Protection of Children) Act, 2015 as amended in 2021 for children in conflict with law (CCL) and children in need of care and protection (CNCP) for catering to their basic needs through proper care, protection, development, treatment, social re-integration and by adopting a child-friendly approach.

Childline Services is defined under section 2(25) in Juvenile Justice (Care & Protection of Children) Act, 2015 as a twenty-four hours emergency outreach service for children in crisis which links them to emergency or long-term care and rehabilitation service. '1098' is a national toll free 24x7 helpline number dedicated for children in difficult situations. The Protection of Children from Sexual Offences Act, 2012 as amended in 2019 and Rules made thereunder also provide role of Childline Services for reporting of cases under the Act.

The Childline Services are to be saturated from presently functional in 568 districts, 11 Bus Stands and 135 Railway Stations to all the districts, identified Bus Stands and at the Railway Stations identified by the Ministry of Railways.

The primary aim of Child Helpline Service is to support and assist any child who has fallen out of the safety net to provide emergency and immediate response and connect the child to existing long term services. This can range from providing medical, shelter, legal aid, emotional support or guidance. Childline therefore acts as a crucial link between children in distress conditions and services available for their rehabilitation, restoration or social re-integration. For children with different needs, who call in anytime, anywhere, and for anything, it acts as a one-point contact which facilitates instant access to support, advice and active intervention.

The Ministry of Women and Child Development has issued the guidelines of Mission Vatsalya scheme according to which States and Districts will execute the 24x7 Child Helpline '1098' service for children as defined under the JJ Act, 2015. The Child Helpline shall be run in coordination with State and District functionaries and integrated with the Emergency Response Support System 112 (ERSS-112) helpline of MHA.

The State/UTs shall submit their financial proposals annually regarding Child Helpline Services duly filled in the prescribed formats, along with their implementation plans for scrutiny before the Project Approval Board under Mission Vatsalya Scheme.

During the 15<sup>th</sup> Finance Commission period, Child Helpline shall be 100% funded under Mission Vatsalya by the Government of India, for all States/UTs. The funds would be released to State/UT Governments through Public Financial Management System (PFMS). States/UTs shall comply with all the guidelines issued by the Department of Expenditure, Ministry of Finance regarding procedure of release of funds and any further protocols on operation of Child Helpline issued from time to time by the Ministry.

The States/UT shall reflect the amount in the audited statement of accounts together with the necessary Utilization Certificate and Statement of Expenditure in respect of the grant for Child Helpline and submit the same to the Ministry after close of financial year.

The Utilization Certificate and Statement of Expenditure in respect of grants received for Child Helpline shall be furnished in accordance to Rule 239-240 GFR 2017 and in the Form 12C of GFR 2017. The provision of Rule 241 GFR 2017 shall also be ensured.
